

Portfolio of Energy Services and Solutions

Natural Gas Supply Purchasing

	Available in Deregulated Markets	Available in Regulated Markets
Natural Gas Quotes 1-5 years	Available	NO
Renewable Natural Gas (RNG)	Available	NO
Liquefied Natural Gas (LNG) (available on Virtual Pipelines)	Available	Available
Compressed Natural Gas (CNG) (available on Virtual Pipelines)	Available	Available
Certified Gas	Available	NO
Certified Gas Attributes	Available	Available
Carbon Offsets	Available	Available
Utility Bill Management	Available	Available
Sustainability - Decarbonization Pathway	Available	Available
Green-e® Energy certified RECs	Available	Available
Energy Efficiency Projects No upfront capital – monthly payments invoiced	Available	Available
Cogen Installations Behind the meter	Available	Available
Solar Installations Behind the meter	Available	Available
GHG Accounting & Reporting	Available	Available
Fleet Electrification	Available	Available
Energy Efficiency Projects	Available	Available

Electricity Purchasing

	Available in Deregulated Markets	Available in Regulated Markets
Electricity Quotes 1-10 year terms	Available	NO
Green-e® Energy certified RECs	Available	Available
Carbon Free Electricity (EFECs)	Available	Available
Purchase Renewable PPA's	Available	NO
Load Response Programs	Available	NO
Renewable Natural Gas (RNG)*	Available	NO
Hourly Carbon-Free Energy Matching.	Available	NO
Utility Bill Management	Available	Available
Supplier Webinars Extremely valuable information to customers	Available	NO
Supplier Web Portals All company-wide energy info in one place	Available	NO
Energy Efficiency Projects No upfront capital - Energy Supplier Funded Monthly payments invoiced on energy bill	Available	NO
